

B2B Events Ltd Data Private Policy

Personal Data Collected

B2B Events collects data so that we can effectively offer you the services that you require to book any of our events and keep in touch with us when we issue newsletters announcing the dates of our events.

All of the data provided is done so by you when applying to attend our fairs by filling in a booking form or when attending any of fairs and filling in a newsletter email mailing list form.

Stallholder information collected including company name, your name, contact number, email address and vehicle registration number will be held on our database which is independently stored securely on a server by a third party company. They do not access the data, they only provide and maintain the service on which the data is stored.

Any payment data processed by us is not stored or processed by us, but by our third party payment processors Secure Hosting – Monek Ltd, who specialise in secure processing of credit/debit card transactions.

Customer information collected including company name, your name, contact number and email address will be held on our mailing database, which is independently stored and hosted by Mail Chimp.

How To Access Your Data

The Data and information that we hold can be accessed by contacting us directly from the office address and contact number listed below or through our contact page on our web site www.b2bevents.info

We will be happy to provide you with any information that we hold for you.

How We Use Personal Data

All of our customer information is independently stored securely on a server by a third party company. They do not access the data, they only provide and maintain the service on which the data is stored.

We never pass on any data to any third parties or allow any of your data to be used for any other advertising or marketing companies.

We will contact you with marketing communications if you have given us your expressed consent. This can be changed at any time by contacting us directly or by unsubscribing from our newsletter through the Mail Chimp options at the bottom of each email newsletter.
